HAVE YOU COWS?

If you have cream to separate a good Cream Separator is the most profitable investment you can possibly make. DeLaval means daily waste of time, labor and product. DE LAVAL CREAM SEPARATORS save \$10.00 per cow per year every year of use over all gravity settling systems and \$5.00 per cow over all imitating separators. They received the Grand Prize or Highest Award at St. Louis.

Buying trashy cash-in-advance separators is penny wise, dollar foolish. Such machines quickly lose their cost instead of saving it. If you haven't the ready cash DE LAVAL machines may be bought on such liberal terms that they actually pay for themselves.

Send to-day for new catalogue and name of nearest local agent.

THE DE LAVAL SEPARATOR CO.

Sad Waste of Rice.

A Birmingham vicar has calculated that 8,000 pounds of rice is wasted in that city every year by being thrown at married couples, and he asks people to think how many starving Hindoos that amount of rice would feed.

Poorest Member of Commons.

The poorest member of the house of commons is said to be John Ward, member from Stoke-on-Trent, who has a wife and four children to support on an income of \$12.50 per week, his salary as secretary of the Navvies' (Laborers') union.

General Booth's Daily Menu.

It is interesting to know what a man of General Booth's age and vitality lives on. Here is his day's menu: For breakfast he takes a moderate amount of buttered toast, with strong tea and an equal portion of milk. Between breakfast and lunch he eats a few raisins. For lunch he has a bowl of vegetable soup with dry toast soaked in it, vegetables, especially potatoes cooked in their jackets, and whatever green stuff is in season. Then he sleeps from a quarter to half an hour. Tea is similar to breakfast, with the occasional addition of a few mushrooms. For supper he takes invariably a plate of rice and milk.

Suez Canal.

The Suez canal connects the Mediterranean with the Red Sea, shortening the route to India from England and America more than 5,000 miles. It was commenced in 1859 and completed in 1869. Length, 100 miles; average breadth, 329 feet; depth, 20 feet. Cost in gold, \$65,000,000. Distances English channel to Calcutta, via Cape Good Hope, 13,000 miles; via canal, 9,500. The English government purchased the interest of the khedive of Egypt in the canal in 1875 for \$20,000,000.

FOR THE EMPEROR

LANDS OF CZAR AND RELATIVES WILL BE BENEFITED.

BY THE GREAT BEHRING TUNNEL.

And the Northeastern Siberia Railroad—Russia Should Make Grants to Secure It—Project Considered Very Desirable.

St. Petersburg, March 24.—The sympathy of Emperor Nicholas, Premier Witte and other members of the ministry, as well as of powerful influences at court, have been enlisted by Baron Loloq De Lobel in the project of the American Trans-Alaskan Siberian Company for the construction of a tunnel under Bering Strait from East Cape to Kansk and 3,000 miles of railroad to connect it with the Siberian railway, and the opposition of a portion of the bureaucracy, which fought the scheme bitterly because the negotiations were conducted over their heads is breaking down. The outlook for a favorable decision is now bright. In addition to the benefits which will accrue to the nation by the development of the resources of the present waste of northeastern Siberia, the imperial family owns an immense extent of land which will be benefited. The national defense committee also considers the project as essential from a strategic point of view and, more important still, there is in the higher government spheres a distinct disposition to cultivate the United States as Russia's natural ally in the Far East. It is believed that by interesting Americans materially in Siberia the political ties between the two countries will be strengthened. A statement to this effect has been submitted by Lamsdorff to the commission under the presidency of Senator Von Hausen, manager of ways and communications, which has been considering the project, which statement really amounts to an important declaration of foreign policy, as is evident from the following extract:

"From the standpoint of good policy the project is considered more than desirable. The investment of foreign capital, and especially American, in an enterprise so important for Russia, will certainly tend to an economic, financial and political Russo-American approachment. It will also contribute to the creation of greater confidence in our foreign policy, which has sensibly suffered by recent events. By interesting Americans we may be the better able to combat the injurious agitation against us which has produced so much harm before the Russo-Japanese war. I believe the projected railway would serve to paralyze any aggressive movement against us in the Far East. Everything which can help to place Russia in a more independent position with regard to Japan and China cannot fail to strengthen Russia both in the Far East and in Europe."

BIG SOLDIERS IN DANGER.

Washington, March 24.—Inspection at the war department of the bill abolishing the grade of lieutenant general after October 2 next, which passed the house makes it appear that as it stands the bill though intended to wipe out this rank only after that date, would really relegate to the grade of major general on the retired list, or perhaps drop out of the army Generals Miles, Young, Shaffee, Bates, Corbin and MacArthur. This would follow from the failure of the house to limit the proposed abolition to officers on the active list.

Emperor Joseph Not Ill.

Vienna, March 26.—It was again announced here that a grave report published in Europe regarding the health of Emperor Franz Joseph are unfounded.

TO DIRECT IMMIGRATION IN INLAND AMERICA

Berlin, March 24.—Unusually large numbers of Jewish and Russian emigrants to the United States and South America are expected to leave Germany after Easter, and an influential committee has been formed here with the object of directing the emigration to the best places. So far as the United States is concerned the committee will publish advertisements throughout Russia advising emigrants to avoid New York and all eastern states and committees will be formed at Galveston, New Orleans, Baltimore and other southern seaports which, co-operating with committees in the interior, will direct emigrants to places where they can work at their trades. The committee here has been informed that many Jews who are well-to-do are preparing to go to the United States.

Burglars Commit Murder.

Rochester, N. Y., March 26.—Bank burglars murdered Edward Pullman, a constable and night watchman, at Solus. He had caught them trying to rob the safe of the Bank of Solus.

A Missouri Negro Hanged.

Poplar Bluff, March 26.—Curtis Jackson, a negro, was hanged here. He attacked a white woman in February and after being arrested, was nearly lynched by a mob that invaded the jail.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcohol, by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, red blood, vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

The "Golden Medical Discovery" is a scientific preparation composed of the glycerine extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

Jews in East Africa.

The first Jewish services ever held in British East Africa were held on Yom Kippur at the Masonic hall of Nairobi, and resulted in the formation of a congregation. There are about thirty Jews in the proletariat, most of them engaged in dairy farming.

Mrs. Winslow's Soothing Syrup.

For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Translations of the Bible.

When a translation of the Bible, which Rev. F. H. Price, a missionary in Guam, is now working on shall have been completed, the Scriptures, or portions thereof, may be read in 360 different languages. The language of the natives of Guam is called Chamorro.

FITS

Permanently cured. No disease or nervousness after first day's use of Dr. Williams' Pink Pills. Send for FREE \$2.00 trial bottle and treatise. DR. R. H. KLINE, Ltd., 931 Arch Street, Philadelphia, Pa.

Returning Russians.

Six trains are now running daily either way on the Siberian railway, four being military trains carrying troops from the Far East. When the damaged engines have been repaired and others which have been ordered have arrived fourteen trains are to run both ways, six of which will be used for military purposes. A similar service will be established on the Trans-baikal line. There were 900,000 men to be brought back. Of these 400,000 had already left on January 14, and there were thus still 500,000 to be repatriated. The evacuation is expected to be completed by the beginning of June.

Free Translation.

Ex-Speaker Keifer, of Ohio, in making a speech in the house of representatives the other day remarked that the leaders, Republican and Democratic, and their followers have adopted the principle of the legal maxim, de minimis non curat lex—the law pays no attention to small things. A Western judge gave a free translation to that maxim and said that it meant: "The law goes with head and tail up."

DISFIGURED WITH ECZEMA.

Brushed Scales From Face Like Powder—Under Physicians Grew Worse—Cuticura Works Wonders.

"I suffered with eczema six months. I had tried three doctors, but did not get any better. It was on my body and on my feet so thick that I could hardly put a pin on me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work, and my face is now just as clear as it ever was. I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. Mrs. Emma White, 641 Cherrier Place, Camden, N. J., April 25, 1905."

Most people are patient when there is nothing at stake.

JURY PAID THE FINE.

The Offense Was Assault With Intent to Murder.

A Texas correspondent tells Law Notes how an obstinate jurymen was circumvented by his fellow judges of the facts. The offense charged was assault with intent to murder. After the jury had been out two hours they returned the following verdict: "We the jury, find the defendant guilty of aggravated assault, and assess his punishment at \$25 fine, and herewith pay the fine." On inquiry as to the meaning of the last clause of the verdict, it came out that the defendant was not guilty, but the twelfth doggedly hung out for a conviction for aggravated assault, and would not consent to a punishment less than a fine of \$25. Finding it a hopeless task to bring over the obstinate one to their way of thinking, the eleven finally decided to agree with him, and "chipped in" enough to pay the fine.

Lion Jumped on His Back.

Near Nairobi, Central Africa's new aristocratic resort, a lion jumped out from the brush upon the back of the Marquis of Waterford the other day, and he would have been killed but for two native bearers, who came to his rescue and killed the lion, after receiving a severe mauling themselves. Lady Waterford saw the fight, but did not fire for fear she would do more harm than good.

The Czar in Seclusion.

One who knows him intimately declares that the czar is essentially a home bird. He has absolutely no liking for the pomp and ceremony of a court, and would, if circumstances permitted, abdicate with the greatest willingness. Beyond the members of his family circle he has no close companions.

King's Sporting Record.

Few people are aware that there are hardly any wild beasts which come within the sportsman's category that have not fallen to King Edward's rifle. But he has never shot a hyena, though, when in Egypt, many years ago, he remained up all night on more than one occasion to kill a specimen.

To Cure Red Noses.

In an Indian newspaper appeared an advertisement: "How to Cure Red Noses permanently; absolute secrecy; send 2s 8d and stamped envelope." Many women, thinking their noses were pinker than was becoming wrote and on opening their stamped envelope, read: "Go on drinking until it becomes purple."

MIDDLE LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for it. Two Relate their Experiences.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham—

"I had been suffering with displacement of the organs for years and was passing through the change of life. My abdomen was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

W. N. U.—WICHITA—No. 13—1906

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the change of life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chester town, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the female organs. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my distressing symptoms soon disappeared."

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for other women at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

THE ONLY ONE

There is only One Genuine-Syrup of Figs,

The Genuine is Manufactured by the California Fig Syrup Co.

The full name of the company, California Fig Syrup Co., is printed on the front of every package of the genuine.

The Genuine-Syrup of Figs— is for Sale, in Original Packages Only, by Reliable Druggists Everywhere

Knowing the above will enable one to avoid the fraudulent imitations made by piratical concerns and sometimes offered by unreliable dealers. The imitations are known to act injuriously and should therefore be declined.

Buy the genuine always if you wish to get its beneficial effects. It cleanses the system gently yet effectually, dispels colds and headaches when bilious or constipated, prevents fevers and acts best on the kidneys, liver, stomach and bowels, when a laxative remedy is needed by men, women or children. Many millions know of its beneficial effects from actual use and of their own personal knowledge. It is the laxative remedy of the well-informed.

Always buy the Genuine-Syrup of Figs
